Municipal Bonds

(Editorial Indianapolis Journal, April 16, 1897.)

"The municipal bond is coming to be one of the most important factors of the bond market. Thus far all that have been offered have been freely taken at a rate of interest and a premium which shows not only that investors have confidence in such securities, but that money was never so plentiful or so ready to accept a low rate of interest."

PROSPEROUS ORGANIZATION.

Biennial Report of the International Committee of the Y. M. C. A.

MOBILE, Ala., April 21.—The International Young Men's Christian Association was called to order to-night by Dr. Warner, of New York, and after preliminary exercises the biennial report of the international committee was presented. Among other things, it said that the number of associations reporting had increased but three, yet the membership has increased 687. The number of buildings owned by the association has increased from 365 to 370, and the net value of property, less all debts on the same, has increased from \$18,248,375 to \$17,464,427, an increase of \$1,810,079, with nearly \$1,000,000 in addition to pledges for buildings and miscellaneous funds. The amount expended by local associations, state and international committees during 1896 amounted to \$2,834,465. Paid secretaries and other employed officers have increased from 1,139 to 1,251, with over fifty vacancies unprovided for. There are 711 libraries, containing 206,659 volumes and 2,420 educational classes with 23,269 different students in them. There is a slight increase in the number of Bible classes and a slight decrease in the number of young men's meetings. The railroad department shows a large gain in branches and in the number of stations. The report of the treasurer shows that the association received during 1896 for home work \$2,400, and expended \$2,400, and for its foreign work it received \$10,747 and expended \$10,747. The report makes a number of recommendations, all of which will be considered later by the convention. The report was referred to a special committee to be hereafter reported.

SEVERAL TURKISH TOWNS BOMBARDED AND DESTROYED.

Powder Magazine at Platona Exploded by a Greek Shell and Many Turks Killed.

LONDON, April 22.—Advices from the scene of the Greco-Turkish war, though somewhat meager yesterday, show that the Greeks are making a determined stand near Larissa, the headquarters of their army in Thessaly. Prince Constantine, commander-in-chief of the army, and Prince Nicholas are in the field battling for the Christian cause and encouraging the army with their example.

There was desperate fighting all yesterday north of Larissa. It was the first seriously-planned battle of the war. Early in the morning the Greeks, under Generals Mavrometis and Macros, advanced from Reveni, Boughat and St. Elias against Edhem Pasha's advance guard. The fighting was greatly extended, and the battle raged till late in the afternoon with varying fortune. The Greeks were assisted by thousands of irregulars, who harassed the Turkish outposts and wings as well as participated in the general engagement. The Turks had an overwhelming superiority in numbers. They had constructed earthworks and trenches everywhere, and in and behind these awaited the attacks of the Greeks. On the whole they clung tenaciously to the side fences, while the Greeks attacked these again and again with the most desperate bravery. In spite of the furious attacks still made upon them the Greeks continued to hold the Reveni and Nezeros passes. At 3 o'clock in the afternoon it was practically a drawn battle.

A dispatch to the Temps, of Paris, from Constantinople, says that Edhem Pasha, the Turkish commander-in-chief, has telegraphed to the Porte from Tyrnovo that two divisions, under Mendou Pasha and Omervrechet Pasha, are now pursuing the Greek forces, who are in full retreat. Edhem Pasha also reports that these divisions have arrived within two kilometers of Larissa. He adds that his troops have commenced the investment of Larissa, and that Mendou Pasha and Omervrechet Pasha expect to capture it within three days.

STRAINING EVERY NERVE.

Greeks Determined, If Possible, to Repel the Moslem Horde.

ATHENS, April 21.—The public suspense here to-night is terrible, owing to the lack of definite news. The government has received telegrams from Larissa throughout the day, urging the prompt dispatch of reinforcements to that point, as the Greek troops are being exhausted by the incessant Turkish attacks. All the shops were closed to-day while prayers were being offered in the churches for the success of the Greek troops. Every nerve is being strained to send all available men to the front. The palace guard and the gendarmes will go to-morrow. Volunteer bands are organizing everywhere throughout the country. In Thessaly the whole population is being armed and made ready. Next week thousands will start for the frontier from provinces long famous for the fine quality of their fighting men.

At midnight Crown Prince Constantine telegraphed from Larissa, the headquarters of the Greek forces in Thessaly: "We have kept all our positions and the situation to-day is excellent. Every road by which the Turks can descend into the Thessalian plain has been secured by the concentration of our troops. I cannot wire at greater length now. I am fighting myself. So is Prince Nicholas." Prince Constantine says the Turks to-day tried to capture the post of the prophet St. Elias, on the road to Tyrnovo, but were repulsed.

The Crown Prince has sent several regiments to relieve those which have been fighting at Reveni, but the latter refuse to leave the scene, although they have been actively engaged, almost without cessation for nearly fifty hours.

An official dispatch from Larissa says that the Greeks continue to defend the

Mail pass. Tyrnovo has been completely abandoned by its inhabitants.

M. Delyannis has received telegrams from Greek deputies at Larissa, who declare that according to the opinion of the officers the situation is not yet compromised, as the positions occupied by the Turks are of secondary importance.

A dispatch from Arta says that the Greeks have captured the villages of Aghal, Tsaprasli, Paraskevi, Kirnikala, Alimbel and Jenicari, all of which have been abandoned by the Turks.

The bombardment of Preveza, at the entrance of the Gulf of Arta, has been very heavy since early this morning. The Turkish garrison there has been completely isolated by the advance of the Greek troops. The report that the Greek fleet to-day bombarded Platona, on the west shore of the Gulf of Salona, is confirmed. The Greek fleet also bombarded the town of Lophokarya, adjoining Platona. The powder magazine of the Turks at Platona was exploded by a Greek shell, causing much damage and loss of life to the enemy.

Telegrams from Preveza say that the town would have been occupied by the Greeks, but it was impossible to spare the men. Major Anzolinis, who gave the order for the abandonment of Grizovalli, has been replaced by Colonel Papastavros. Col. Manos is meeting with little opposition. The Turks are collecting at Penteplagia, twenty miles south of Janina, where a decisive battle is expected which will settle the fate of Janina.

A dispatch from Arta says that the Turks have abandoned Stravina, beyond Filipplada, after burning it. The bombardment of Preveza continues with increasing damage to the forts.

A dispatch received from Commodore Kriezis, in command of the Greek squadron which has bombarded Platona, says that five hundred Turks were wounded during the bombardment, but the Greeks sustained no losses. The squadron has started for Katerina.

The latest advices to the government from Larissa as to the situation at Damasi seem to indicate that the earlier rumors as to the fighting there were inaccurate in important details. A battle has taken place on the Damasi plain. The Greeks approached close to Damasi, but they have thus far failed to capture it.

NO "PICNIC" FOR TURKS.

Greeks Are Making a More Stubborn Resistance Than Expected.

CONSTANTINOPLE, April 21.—The sitting of the military commission has been continuous since yesterday at the Yildiz "kiosk." It is reported that Edhem Pasha has asked for 40,000 reinforcements, and that orders have been sent to Salonica to hasten the dispatch of the reserves to the frontier. The mobilization of forty additional battalions has been decided on, and the enrollment of volunteers is being continued. The sturdy resistance offered by the Greeks was wholly unexpected, and the idea that the forces of Edhem Pasha would have a military promenade to Larissa has already been abandoned.

Telegrams received by the Porte from the far western provinces show that the Albanian irregulars are devastating the country in many localities, and especially along the line of route between Preveza and Janina. The local authorities are powerless to restrain them.

An imperial decree has been issued ordering the Turkish fleet to avoid a battle at sea and remain under the protection of the fortifications.

The Turkish authorities here admit that the losses of Ottoman troops since the outbreak of the war have been considerable. The Turkish commanders expected a fairly easy march to Larissa, and did not anticipate the stubborn defense and desperate valor with which the Greeks have opposed the invasion. Izzet Bey, the confidential adviser of the Sultan, has been dismissed, owing to his opposition to war with Greece and to his action in proposing that the Sultan should negotiate directly with Greece for the purpose of bringing about an amicable settlement of matters in dispute between the Greeks and Turks. While Prince Nicholas is at Larissa, the Turkish empire, Great Britain has undertaken to protect the orthodox Greeks during the suspension of diplomatic relations between Greece and Turkey.

ADVANCE OF THE TURKS.

Greek Posts at Milouna and Tyrnovo Said to Have Been Captured.

LONDON, April 21.—Commenting on the absence of definite news to-day from Larissa, the headquarters of the Turkish troops at Macedonia, the Daily Mail says it has received a private telegram from one of its correspondents on the scene of hostilities, indicating that the Greeks are suppressing all dispatches. This correspondent adds: "The whole situation appears changed by the tenacity with which the Greeks are holding Reveni Pass, whereby they may possibly turn Edhem Pasha's position and cut off his communication with Ellassona."

The following dispatches, delayed in transmission, were received here late to-night:

Foot of Milouna Pass, April 20, afternoon.—The last height commanding Tyrnovo has been captured by the Turks. The infantry advance was supported by cavalry, and the Turkish forces were in a strong position. Mendou Pasha has prepared to descend at 9 a. m. to-morrow into the Thessalian plain. Taking the road to the left, which skirts along the base of the foothills, large bodies of cavalry will push forward to the front while the infantry takes possession of the heights, which the Greeks have left in their hurried retreat. It was the task of Nerechet Pasha to attack the Loshpaki heights, the last Greek stronghold commanding Tyrnovo. The Turkish batteries, each gun dragged by fifty men, pushed forward and bombarded the Greek position. A deep ravine day between the infantry columns of the two armies, which was strewn with heavy rocks and loose bowlders. After sharp fighting the Greek batteries withdrew, but the Greek infantry continued to defend the position until compelled to retreat.

Heavy firing has been heard from the direction of Zerkos throughout the afternoon, and the struggle at Eryra still continues, each side in turn advancing and retreating across the frontier. Reinforcements were sent from this point last night (Monday) to Hamdi Pasha at Karyia. When they arrive there it is expected that the Greeks will be finally repulsed. The Greeks are now strongly entrenched on the plain north and west of Larissa. Edhem Pasha is acting with the greatest caution and deliberation.

Milouna Pass, April 20, night.—The Greek posts at Milouna and Tyrnovo were captured at noon to-day. The Turkish headquarters have been removed from Ellassona

DR. HUNTER HAS QUIT

WITHDRAWN FROM THE RACE FOR SENATOR FROM KENTUCKY.

Republican Caucus Called Last Night at His Request and His Determination Made Known.

TEXT OF THE COMMUNICATION

NOMINATION OF A SUCCESSOR POSTPONED FOR A FEW DAYS.

The Doctor En Route to Washington

—W. J. Deboe His Choice—Brief Candidacy of Mayor Todd.

FRANKFORT, Ky., April 21.—Dr. Hunter has withdrawn from the senatorial race, and Republicans are now looking for another candidate. A caucus was held to-night, but no nomination was made. Dr. Hunter finished writing his communication to the caucus, called at his request for 8 o'clock to-night, and then left with his wife for Washington. He came out boldly for W. J. Deboe this afternoon, and he had not all his friends at work for Deboe, but the latter and his friends were evidently sure that the doctor should have gone away before a successor to him had been decided by him.

When the caucus met at 8 o'clock Chairman Jones stated its purpose and the roll was called. The clerk called the names of Baird, Stout and Norman and the gold Democrats who had been present. There were a number of proxies there, but no present, even by proxy, were Deboe, Whitaker, Stout, Norman and Jasper. Present, 70; necessary to a choice, 36.

Mr. Howard then read the following communication from Dr. Hunter:

"Gentlemen of the Republican Caucus—Some weeks ago you conferred on me the distinguished honor of the nomination for United States senator. Bearing that commission from you, I have labored from day to day, assiduously and zealously, to reach an election to every ballot. The result has been fruitless and without avail. It is needless that I should recount how that political animosities on the one hand, joined with jealousies and dissensions among those claiming to be of my own political faith, have worked together to compass my defeat on every ballot. The things are known to all men and are history."

"Whatever may have been done by those who have opposed me from the beginning to accomplish my defeat, I must beg to assure you and the world that I have a consciousness of the rectitude and the purity of my conduct and purposes throughout all this fiery struggle which I would not exchange for any office or any trust. To me it is a source of untold gratification that the almost universal judgment of the good men of all parties vindicate me from aspersions which would never have been cast upon me but for the purpose of accomplishing my defeat."

"As a loyal Republican, I recognize that our party is in a great peril, and that the party in Kentucky in the future, for the consummation of the policies of the Republican administration, will have to stand in the way of my political career. I am therefore, a Republican senator from Kentucky should be elected. I will not stand
